

### This week in....**Literacy**

Students completed their Spring FAST Testing this week. Celebrate with your child on the growth they made this year as a reader!

Students are continuing to build their decoding skills as well as their fluency and comprehension skills.

---

### This week with...**Math**

Students continued to build their knowledge of comparing numbers this week. Students will begin to study two-dimensional and three-dimensional shapes next week.

## Fishing Field Trip

The 1<sup>st</sup> Grade fishing trip is Friday, May 12!

Please help your child select appropriate clothing for the forecasted weather. Layers work best as it will most likely be colder in the morning and warm up in the afternoon!

**Parent volunteers:** Please meet us at Gilbertson's Pond at 9:00am on Friday, May 12. Be prepared to help and get your hands dirty! 😊  
Contact Mrs. Wenger with any questions you might have!

## Snack Needed

Please send one last snack for the end of the year! Thank you in advance 😊
